							4-Jan

* Denotes that the Monday of this week is observed as a national holiday and therefore the diesel rates are updated by EIA on Tuesday.

See Notes below chart for explanations of methods of determining Fuel Surcharge (FSC)

LESS THAN TRUCKLOAD FSC UNDER DOE 190-L - APPLICABLE JANUARY 1, 2016 THRU DECEMBER 31, 2016

The LTL FSC shall be calculated each week using the DOE U.S. Average on Highway Diesel Price on Monday (unless the Monday is a federal holiday, in which case the day will be Tuesday). This diesel price will then be used to determine the respective FSC percentage based upon the FSC matrix (DOE 190-L Item 200). The applicable percentage in the matrix shall be the FSC starting on Wednesday immediately after the Monday and running through the following Tuesday.

Example: If using the DOE 190-L, and the diesel price reported by DOE on Tuesday January 19, 2016 (January 18, 2016 is a holiday) was 2.344 dollars per gallon, the FSC for LTL shipments offered for transportation under DOE rate tenders during the period of Wednesday January 20 through Tuesday January 26, 2016 would be 12%.

TRUCKLOAD FSC UNDER DOE 190-L APPLICABLE FEBRUARY 1, 2015 THRU JANUARY 31, 2017

The TL FSC shall be calculated each week using the DOE U.S. Average on Highway Diesel Price on Monday (unless the Monday is a federal holiday, in which case the day will be Tuesday). This diesel price will then be used to determine the respective FSC per mile rate increase based upon the FSC matrix (DOE 190-L Item 200). The applicable per mile rate increase in the matrix shall be the FSC starting on Wednesday immediately after the Monday and running through the following Tuesday.

Example: If using the DOE 190-L, and the diesel price reported by DOE on Tuesday January 19, 2016 (January 18, 2016 is a holiday) was 2.344 per gallon, the FSC per mile rate for TL shipments offered for transportation under DOE rate tenders during the period of Wednesday January 20 through Tuesday January 26, 2016 would be \$0.23 per mile.

HOUSEHOLD GOODS FUEL SURCHARGE APPLICABLE UNTIL SUPERCEDED

HHG Fuel Surcharge (FSC) is determined on the 1st Monday of the month and goes into effect on the 15th of that month and runs until the 14th of the following month. Transportation and Drayage FSC are calculated based upon the date of the activity.

Example: The diesel rate on January 4, 2016 is 2.211 dollars per gallon, therefore the FSC of 2% would be effective January 15th and run until February 14th, 2016. If the household goods were picked up on January 20th, then a 2% FSC would be in effect. If the household goods were put into storage (SIT) and then delivered (drayage) on March 16th, the FSC for drayage would be based upon the diesel prices on March 5, 2016 - the first Monday in March. This FSC would be in effect for the drayage portion of the move.
